We last updated this policy July 12, 2019.

The following terms and conditions govern all use of AppyPie.com website and all content, services and products available at or through the website (collectively, the “Service”). The Service is owned and operated by Appy Pie LLP, a limited liability partnership incorporated under the LLP Act, 2008 having LLPIN AAF-5370 and having its principal place of business at 165, NSEZ Noida, 201305 India (hereinafter referred to as the “**AP**”, which expression shall mean and include its heirs, successors and permitted assigns). AP currently uses third parties to accept payments (hereinafter a “Third-Party Payment Processor’s”). Subscribers will make all payments to AP using this Third-Party Payment Processor’s, which are currently Appy Pie LLC in the USA & Appy Pie Ltd in the UK, and which may be changed/updated by Client in writing. AP has the right to change the Third-Party Payment Processor or to cease using a Third-Party Payment Processor at any time. Despite any similarity in name, there is no affiliation between the Third-Party Payment Processor and AP, and the Third-Party Payment Processor is not a party to this Agreement. The Service is offered subject to your acceptance without modification of all of the terms and conditions contained herein and all other operating rules, policies (including, without limitation, AP’s Privacy Policy) and procedures that may be published from time to time on this Site by AP (collectively, “AP”).

Please read this Agreement carefully before accessing or using the Service. By subscribing or by making an online payment for any part of our Service, you agree to become bound by the terms and conditions of this agreement. Note: Apple recently changed its iTunes App Store regulations, which can affect some no-code app makers. The regulation says, “Apps created from a commercialized template or app generation service will be rejected unless they are submitted directly by the provider of the app’s content. These services should not submit apps on behalf of their clients and should offer tools that let their clients create customized, innovative apps that provide unique customer experiences.” The purpose is to eliminate clones and spam apps that can be quickly created, but it may have an effect on Apps of small businesses who have not differentiated their Apps enough. Apple doesn’t disclose which apps have been rejected or ejected from the App.

AP shall, to the extent legally permitted, promptly notify Customer if AP receives a request from a Data Subject to exercise the Data Subject's right of access, right to rectification, restriction of Processing, erasure ("right to be forgotten"), data portability, object to the Processing, or its right not to be subject to an automated individual decision making ("Data Subject Request"). Taking into account the nature of the Processing, AP shall assist Customer by appropriate technical and organizational measures, insofar as this is possible, for the fulfilment of Customer's obligation to respond to a Data Subject Request under Data Protection Laws and Regulations. In addition, to the extent Customer, in its use of the Services, does not have the ability to address a Data Subject Request, AP shall upon Customer's request provide commercially reasonable efforts to assist Customer in responding to such Data Subject Request, to the extent AP is legally permitted to do so and the response to such Data Subject Request is required under Data Protection Laws and Regulations. To the extent legally permitted, Customer shall be responsible for any costs arising from AP's provision of such assistance.

3.2 Data Subject Access Request (DSAR). If you wish to request for a DSAR, all you need to do is send us an email at security@appypie.com and we'll respond at the earliest. AP shall, in the event of Data Subject Access Request (DSAR) from a data subject, furnish and send a report to the data subject within one calendar month of receipt of request. DSAR is essentially a request from a data subject for a copy of the personal data being processed by the Controller and an explanation of the purpose for which this personal data is being used. Typically the DPO responds back within 15 days, however the response time is never more than 30 days. In accordance with Article 15 of GDPR, individuals have the right to ask for the following information from AP:

- What personal data is being processed
- The purposes for which the personal data is being processed
- Who has the personal data or who will it be disclosed to
- The existence of any automated decision-making, including profiling. And, at least where this produces legal or similarly significant effects, what logic is being used for that purpose.

- How long will the data be retained for (or at least the criteria used to determine this)

4.1 Confidentiality. AP shall ensure that its personnel engaged in the Processing of Personal Data are informed of the confidential nature of the Personal Data, have received appropriate training on their responsibilities and have executed written confidentiality agreements. AP shall ensure that such confidentiality obligations survive the termination of the personnel engagement.

4.2 Reliability. AP shall take commercially reasonable steps to ensure the reliability of any AP personnel engaged in the Processing of Personal Data.

4.3 Limitation of Access. AP shall ensure that AP's access to Personal Data is limited to those personnel who require such access to perform the Agreement.

4.4 Data Protection Officer. Members of the AP Group will appoint a data protection officer where Data Protection Laws and Regulations require such appointment. The appointed person may be reached at privacy@appypie.com.

5.1 Appointment of Sub-processors. Customer acknowledges and agrees that (a) AP's Affiliates may be retained as Sub-processors; and (b) AP and AP's Affiliates respectively may engage third-party Sub-processors in connection with the provision of the Services. AP or a AP Affiliate has entered into a written agreement with each Sub-processor containing data protection obligations not less protective than those in this Agreement with respect to the protection of Customer Data to the extent applicable to the nature of the services provided by such Sub-processor.

5.2 List of Current Sub-processors and Notification of New Sub-processors. A list of Sub-processors as of 16 May 2018 for the Services is annexed in Schedule 1. Upon request, AP shall make available to Customer an updated list of Sub-processors for the Services with the identities of those Sub-processors and their country of location ("**Updated Sub-processor List**").

5.3 Objection Right for New Sub-processors. Customer may object to AP's use of a new Sub-processor by notifying AP in writing within ten (10) business days after receipt of an Updated Sub-processor List. In the event Customer objects to a new Sub-processor, as permitted in the preceding sentence, AP will use reasonable efforts to make available to Customer a change in the Services or recommend a commercially reasonable change to Customer's configuration or use of the Services to avoid

Processing of Personal Data by the objected-to new Sub-processor without unreasonably burdening the Customer. If AP is unable to make available such change within a reasonable period of time, which shall not exceed thirty (30) days, Customer may terminate the applicable Order Form(s) with respect only to those Services which cannot be provided by AP without the use of the objected-to new Sub-processor, by providing written notice to AP. AP will refund to Customer any prepaid fees covering the remainder of the term of such Order Form(s) following the effective date of termination with respect to such terminated Services, without imposing a penalty for such termination on Customer.

5.4 Sub-processor Agreements. The parties agree that AP will provide the copies of the Sub-processor agreements only upon reasonable request by Customer.

5.5 Liability. AP shall be liable for the acts and omissions of its Sub-processors to the same extent AP would be liable if performing the services of each Sub-processor directly under the terms of this DPA, save as otherwise set forth in the Agreement.

6.1 Controls for the Protection of Personal Data. AP shall maintain administrative, physical and technical safeguards designed for protection of the security (including protection against unauthorized or unlawful Processing and against accidental or unlawful destruction, loss or alteration or damage, unauthorized disclosure of, or access to, Customer Data), confidentiality and integrity of Customer Data, including Personal Data.

6.2 SOC 1 Report. Upon Customer's written request no more frequently than once annually, AP shall provide to Customer a copy of AP's then most recent service organization controls (SOC) 1 report for the Services. AP may require Customer to sign a nondisclosure agreement reasonably acceptable to AP before AP provides a copy of such report to Customer.

AP maintains security incident management policies and procedures and shall notify Customer without undue delay after becoming aware of the accidental or unlawful destruction, loss, alteration, unauthorized disclosure of, or access to Customer Data, including Personal Data, transmitted, stored or otherwise Processed by AP or its Sub-processors of which AP becomes aware (a "**Customer Data Incident**"). AP shall make reasonable endeavours to identify the cause of such Customer Data Incident and take those steps as AP deems necessary and reasonable in order to remediate the cause of such a Customer Data Incident to the extent the remediation is within AP's reasonable control. The obligations herein shall not apply to incidents that are caused by Customer or Customer's Users.

AP shall return Customer Data to Customer and, to the extent allowed by applicable law, delete Customer Data in accordance with the procedures and timeframes specified in the Agreement.

9.1 Contractual Relationship. The parties acknowledge and agree that, by executing the Agreement, Customer enters into the DPA on behalf of itself and, as applicable, in the name and on behalf of its Affiliates, thereby establishing a separate DPA between AP and each such Affiliate subject to the provisions of the Agreement, this Clause 9, and Clause 10 below. Each Affiliate agrees to be bound by the obligations under this DPA and, to the extent applicable, the Agreement. For the avoidance of doubt, an Affiliate is not and does not become a party to the Agreement, and is only a party to the DPA. All access to and use of the Services by Affiliates must comply with the terms and conditions of the Agreement, and Customer shall deem any violation of the terms and conditions of the Agreement by an Affiliate a violation.

9.2 Communication. The Customer that is the contracting party to the Agreement shall remain responsible for coordinating all communication with AP under this DPA and be entitled to make and receive any communication in relation to this DPA on behalf of its Affiliates

Each party's and all of its Affiliates' liability, taken together in the aggregate, arising out of or related to this DPA, and all DPAs between Affiliates and AP, whether in contract, tort or under any other theory of liability, is subject to the "Limitation of Liability" clause of the Agreement, and any reference in such clause to the liability of a party means the aggregate liability of that party and all of its Affiliates under the Agreement and all DPAs together.

For the avoidance of doubt, AP's and its Affiliates' total liability for all claims from the Customer and all of its Affiliates arising out of or related to the Agreement and each DPA shall apply in the aggregate for all claims under both the Agreement and all DPAs established under this Agreement, including by Customer and all Affiliates, and, in particular, shall not be understood to apply individually and severally to Customer and/or to any Affiliate that is a contractual party to any such DPA. Also for the avoidance of doubt, each reference to the DPA in this DPA means this DPA including its Schedules thereto.

11.1 GDPR. With effect from 25 May 2018, AP will Process Personal Data in accordance with the GDPR requirements directly applicable to AP's provision of its Services.

11.2 Data Protection Impact Assessment. With effect from 25 May 2018, upon Customer's request, AP shall provide Customer with reasonable cooperation and assistance needed to fulfill Customer's obligation under the GDPR to carry out a data protection impact assessment related to Customer's use of the Services, to the extent Customer does not otherwise have access to the relevant information, and to the extent such information is available to AP. AP shall provide reasonable assistance to Customer in the cooperation or prior consultation with the Supervisory Authority in the performance of its tasks relating to this Clause 9.2, to the extent required under the GDPR.

11.3 Transfer Mechanisms for Data Transfers. Subject to the terms of this DPA (including Clauses 11.4 and 11.5 below), AP makes available the transfer mechanisms listed below which shall apply, in the order of precedence as set out below in this Clause 11.3, to any online transfers of Personal Data under this DPA from the European Union, the European Economic Area and/or their member states, Switzerland and the United Kingdom to countries which do not ensure an adequate level of data protection within the meaning of Data Protection Laws and Regulations of the foregoing territories, to the extent such transfers are subject to such Data Protection Laws and Regulations:

1. AP'S EU-U.S. and Swiss-U.S. Privacy Shield Framework self-certifications apply to the Services listed in Schedule 2 (EU-US and Swiss-US Privacy Shield Services) to this DPA (the "**EU-US and Swiss-US Privacy Shield Services**"), subject to the additional terms in Clause 11.4 below;
2. The **Standard Terms of Use Contractual Clauses** set forth in Schedule 4 to this DPA apply to the Services offered by AP subject to the additional terms in Clause 11.5 below.

In the event that Services are covered by more than one transfer mechanism, the transfer of Personal Data will be subject to a single transfer mechanism in accordance with the following order of precedence: (1) AP's EU-U.S. and Swiss-U.S. Privacy Shield Framework self-certifications and, (2) the Standard Terms of Use Contractual Clauses.

11.4 Additional Terms for EU-US and Swiss-US Privacy Shield Services. Appy Pie LLC self-certifies to and complies with the EU-U.S. and Swiss-U.S. Privacy Shield

Frameworks, as administered by the US Department of Commerce, and Appy Pie LLC shall ensure that it maintains its self-certification to and compliance with the EU-U.S. and Swiss-U.S. Privacy Shield Frameworks with respect to the Processing of Personal Data that is transferred from the European Economic Area and/or Switzerland to the United States.

11.5 Additional Terms for Services offered by AP.

11.5.1 Customers covered by the Standard Terms of Use Contractual

Clauses. The Standard Terms of Use Contractual Clauses and the additional terms specified in this Clause 11.5.1 apply to (i) the legal entity that has executed the Standard Terms of Use Contractual Clauses as a data exporter and its Affiliates and, (ii) all Affiliates of Customer established within the European Economic Area, Switzerland and the United Kingdom, which have signed Order Forms for the Services offered by AP. For the purpose of the Standard Terms of Use Contractual Clauses and this Clause 11.5, the aforementioned entities shall be deemed “data exporters”.

11.5.2 Instructions. This DPA and the Agreement are Customer’s complete and final instructions at the time of signature of the Agreement to AP for the Processing of Personal Data. Any additional or alternate instructions must be agreed upon separately. For the purposes of Clause 5(a) of the Standard Terms of Use Contractual Clauses, the following is deemed an instruction by the Customer to process Personal Data: (a) Processing in accordance with the Agreement and applicable Order Form(s); (b) Processing initiated by Users in their use of the Services offered by AP and (c) Processing to comply with other reasonable instructions provided by Customer (e.g., via email) where such instructions are consistent with the terms of the Agreement.

11.5.3 Appointment of New Sub-processors and List of Current

Sub-processors. Customer acknowledges and expressly agrees that (a) AP’s Affiliates may be retained as Sub-processors; and (b) AP and AP’s Affiliates respectively may engage third-party Sub-processors in connection with the provision of the Services offered by AP. AP shall make available to Customer the current list of Sub-processors in accordance with Clause 5.2 of this DPA

11.5.4 Notification of New Sub-processors and Objection Right for New Sub-

processors. Customer acknowledges and expressly agrees that AP may engage new Sub-processors as described in Clauses 5.2 and 5.3 of the DPA.

11.5.5 Copies of Sub-processor Agreements. The parties agree that AP will provide the copies of the Sub-processor agreements that have all commercial information only upon request by Customer.

11.5.6 Audits and Certifications. The parties agree that the audits shall be carried out in accordance with the following specifications: Upon Customer’s request, and

subject to the confidentiality obligations set forth in the Agreement, AP shall make available to Customer (or Customer's independent, third-party auditor that is not a competitor of AP and that has signed nondisclosure agreement reasonably acceptable to AP) information regarding the AP Group's compliance with the obligations set forth in this DPA in the form of AP's SOC 1 report and, for its Sub-processors and its subsidiaries, the third-party certifications and audits set forth in the appypie.com Security, Privacy and Architecture Documentation located at <https://www.appypie.com/security> & <https://www.appypie.com/privacy-policy> to the extent appypie.com makes them generally available to its customers. Following any notice by AP to Customer of an actual or reasonably suspected unauthorized disclosure of Personal Data, upon Customer's reasonable belief that AP is in breach of its obligations in respect of protection of Personal Data under this DPA, or if such audit is required by Customer's Supervisory Authority, Customer may contact AP in accordance with the "Notices" Clause of the Agreement to request an audit at AP's premises of the procedures relevant to the protection of Personal Data. Any such request shall occur no more than once annually, save in the event of an actual or reasonably suspected unauthorized access to Personal Data. Customer shall reimburse AP for any time expended for any such on-site audit at the AP Group's then-current professional services rates, which shall be made available to Customer upon request. Before the commencement of any such on-site audit, Customer and AP shall mutually agree upon the scope, timing, and duration of the audit in addition to the reimbursement rate for which Customer shall be responsible. All reimbursement rates shall be reasonable; taking into account the resources expended by AP. Customer shall promptly notify AP with information regarding any non-compliance discovered during the course of an audit.

11.5.7 Certification of Deletion. The parties agree that AP shall provide the certification of deletion of Personal only upon Customer's request.

11.5.8 Conflict. In the event of any conflict or inconsistency between the body of this DPA and any of its Schedules and the Standard Terms of Use Contractual Clauses in Schedule 4, the Standard Terms of Use Contractual Clauses shall prevail.
